## School photographer

A reminder to let you know that the photographer will be in school on Thursday 10th June to take your child/children's photograph. You will be able to purchase the photographs, with packs starting from £15.00. ## Jubilee Celebrations

The school have thoroughly enjoyed their Jubilee celebrations to commemorate The Queen's 70 years on the throne. To show our appreciate, the school hosted a range of events to celebrate this special day. In the morning, a string quartet of Mrs. Park, Miss. Triggs, Miss. Edwards and Miss. Thomas played a range of delightful tunes to welcome the children and parents of the Wingfield community. Throughout the day, the children have participated in a range of Jubilee style events including making stamps and bunting. The children were also treated to a spectacular afternoon tea feast. In addition to that, the children attended an assembly to complete the celebrations.

The Queen has reigned over Britain and the Commonwealth for a staggering 70 years. Here's some more incredible facts about our Queen to feast your eyes on:

1. Queen Elizabeth II was born at 2.40am on 21 April 1926.
2. As Queen, she has been served by 14 UK Prime Ministers.
3. She's the only person in the UK allowed to drive without a licence.
4. Her favourite dogs are corgis.
5. Queen Elizabeth became a homeowner at just six years old.
6. The Queen has sent around 50,000 Christmas cards.
7. She owns an elephant, two giant turtles, a jaguar and a pair of sloths.

## Mental Health

Each week, we will share an activity that you can try and home to help you with maintaining a positive mindset. This week marks Queen Elizabeth's 70<sup>th</sup> year on the throne. To celebrate this, why don't you run a Queen Lizzy inspired British afternoon? You can make some bunting and hang it up in your house. In addition to that, you could arrange an afternoon tea to enjoy with your family and friends.

## My favourite hobby- Miss. Edwards

### What is your favourite hobby and why?

I've recently started a new hobby – making earrings, keyrings and hair clips using resin! I wanted to make myself some cool earrings and then found that I enjoyed it so much that I carried on and now I make them for my friends and family.

### What has your hobby taught you?

The resin I use to make the earrings takes about 24 hours to dry but sometimes I can't wait for it to dry! I've learnt to be more patient and to enjoy taking my time to create something rather than rushing it.

### What is your greatest achievement with your hobby?

I now make so many things for my friends and family, Mrs Park and Ms Sully have even requested their own personalised keyrings which I've loved creating for them.

### What is your greatest memory?

My greatest memory is setting up my own business on Instagram and Etsy.

***"Arts and crafts is a soothing process and I love the fact that you have a tangible outcome to show the hard that I have put it."*** - Miss. Edwards
