

# Year 4 Newsletter

Summer 2 2023 - 2024

Welcome back to the final term of the academic year! We hope you had a restful May half term - the children have settled back into school very well.

## Learning this term:

This term in **maths**, we will be focussing on statistics and geometry, before consolidating previously taught learning to ensure the children are best prepared for next academic year. In **English**, we will be using the text *Wonder* to support our learning. Some of our writing will include diary entries, formal emails and letters. In **History**, we will be learning about the Saxons, Scots and Vikings, discovering how they invaded, settled and lived. In **R.E.**, we will be looking at the religion of Islam and learning about the different holy festivals. In **science**, we will continue our topics *animals including humans*, focussing on living things and their habitats. We will also look into the food chain and how each living organism provides a significant role in keeping the food chain alive. This will include looking into human diet and healthy eating.

## Social Media

Make sure to look at the school's Instagram page @wingfieldprimaryschool and Twitter page @wingfieldschool where we will share our amazing learning.

## Uniform

As the weather becomes warmer, please ensure your child is dressed appropriately; they are allowed to wear a sun hat/sports cap at breaktimes to protect them from the sun. Please also provide your child with a water bottle, which they can refill throughout the school day. Please ensure your child wears full school uniform to school; this includes a grey Wingfield jumper or cardigan (with school logo), a white polo shirt and a grey skirt, dress, shorts or trousers. Children should wear plain black shoes or trainers. Please support us by also ensuring that your child does not wear jewellery – this includes stud earrings.

**Please label all items of clothing with your child's name to enable us to return any lost property to the correct child.**

## Home Learning

### Reading:

Please support your child in developing their reading fluency, understanding of vocabulary and love for reading by reading regularly with them at home. Your child is expected to read at home each day. Please record their reading in their **Home Learning Journal daily** and ensure it is brought into school each day.

### Maths and Spellings:

Your child will receive weekly mental maths and problem-solving challenges. Please support them to practise and complete these on time. Your child will also receive weekly 'Spellings' and 'Talk Words' to practise each week. Please also encourage your child to regularly practise cursive handwriting of their spelling words at home.

**Homework will be available on Showbie each Friday evening and will be expected to be completed by the following Friday.**

Mr Delaney, Mrs. Pigott & Mr Ryan

We would like to thank you all so much for your support this academic year; your children have been phenomenal to teach and we wish them the best of luck as they embark on their Year 5 journeys in September. You have been a wonderful set of parents and carers and we hope you have a wonderful summer break and hopefully see you in the new term.

## P.E. Lessons

- 4JD – Monday (both indoor and outdoor)
- 4KP – Thursday (both indoor and outdoor)
- 4CR- No sessions this term due to swimming

### PLEASE NOTE:

**On P.E days your child will be expected to wear their full P.E kit to school and will remain in their kit for the rest of the school day.**

### School P.E kit:

- Plain white t-shirt
- Plain black shorts, leggings or jogging bottoms (no sports logos)
- Plain black sweatshirt or school jumper (no hoodies)
- Comfortable running trainers or plimsols.

## Year 4 Multiplication Checker

This week, ALL children completed their multiplication table checker test! They did extremely well and we are incredibly proud of them all. They have worked very hard to achieve the scores they have been over the last year and we look forward to sharing the results with you as soon as we can. Please still encourage your child to practise their tables regularly to retain what they have learnt.
