Dear Parents and Carers,

As part of our ongoing commitment to keeping our community safe, we would like to remind families of our expectations regarding road safety and travel to and from school. These expectations align with guidance from the Royal Borough of Greenwich and Transport for London.

We are pleased that the Local Authority recently supported our request by providing parking attendants during a collection day to help promote safer practices around the school. This was a positive step in reinforcing the importance of safe and considerate behaviour on our roads. However, we were disappointed to receive reports that, in some instances, the interaction between a small number of adults and the attendants was not in keeping with the respectful and courteous standards we expect as a school community. We kindly ask all members of our community to model respectful behaviour at all times.

Parking and Road Safety

Please park safely and legally at drop-off and collection times, avoiding yellow lines, junctions, crossings and driveways. Inconsiderate parking places children and pedestrians at unnecessary risk.

Pavements, Paths and School Grounds

Pavements and paths should remain clear for pedestrians at all times. For safety reasons, bicycles and scooters must not be ridden within the school grounds. Children should dismount on entry and walk with their equipment to the storage areas.

Bikes and Push Scooters

We encourage active travel. Bicycles and scooters may be brought to school and securely stored in designated areas only. These are left at the owner's risk, and the school cannot accept responsibility for loss or damage. Items must not be left near entrances or in walkways.

E-scooters and E-bikes

Privately owned e-scooters are not permitted on public roads or pavements and must not be brought onto the school site. E-scooters and e-bikes cannot be stored in school grounds.

School Responsibility

The school's authority applies within the school grounds only. Enforcement on surrounding roads and pavements is the responsibility of the Local Authority, developers, and the police. We will continue to work with them to raise concerns and seek improvements to local road safety.

By working together, showing respect to others, and modelling safe behaviour, we can help keep everyone in our school community safe.

Thank you for your continued support.

Kind regards,

Wingfield Primary School
