Dear Parents and Carers,

With high temperatures forecast over the coming days, we are taking proactive steps to ensure the wellbeing and comfort of all pupils during this warm period.

We would be grateful for your support in helping to keep your child safe by following the guidance below:

- **Sun Protection:** Please apply a high-factor, long-lasting sunscreen to your child before they arrive at school.
- **Hydration:** It is essential that every child brings a refillable water bottle each day. We will encourage regular drinking throughout the day to keep pupils well hydrated.
- **Appropriate Clothing:** Children should wear lightweight, breathable clothing such as shorts and short-sleeved tops. Please avoid sending them in jumpers or cardigans.
- **Hats:** A wide-brimmed or peaked hat is strongly recommended to provide additional protection during outdoor activities. Please ensure your child's name is clearly written inside their hat.
- **Sunglasses:** Please do not send your child into school with sunglasses.
- **Handheld Fans:** Please do not send individual handheld fans into school. We are unable to verify the quality or safety of these items, particularly those with moving parts or rechargeable batteries. They can also pose a risk of accidental injury during use or play, and experience shows they can quickly become a source of distraction or conflict between pupils. For these reasons, we ask that they are not brought into school.

We will continue to follow our usual routines, ensuring pupils have regular access to water and shaded areas as needed, and we will keep conditions under review.

Thank you for your continued support in helping us keep our school community safe and healthy.

Yours faithfully,

Adam Wilson
Headteacher
